

HINDENBURG LINE QUIET AS FRENCH MAKE GAINS

French forces continuing their offensive on the western front have scored two important successes against the enemy. Today's official communique reports the capture of Hill 82 near Hailles and on the bank of the Avre River. One hundred prisoners, including 4 officers, were taken in the latter action.

The Germans have made no gains at any points since last Saturday all advances indicate. On the other hand both French and British forces have won back important ground. The French statement did not say that American troops participated in the battle of Hill 82 but it is known that the Americans have been fighting in that vicinity.

Latest dispatches from the western front indicate that up to noon today the Germans have attempted no resumption of their offensive in that sector. General Haig reported local fighting and minor raids in which the British forces won an advantage near Villers Bretonneux. In successful raids south of Arras and east of St. Venant we took 10 prisoners and 5 machine guns, Haig's statement added. The artillery was mutually active last night. Principle cannonading took place near Givenchy and in the neighborhood of Loere.

The French night communique reported a brilliant success in Baune together with appreciable gains elsewhere.

With the army on the west front losing hourly the Berlin Press Bureau continued today to release calamity news. The German food situation is again becoming critical according to one dispatch via Copenhagen. It reported that German Food Controller von Wadow told the Reichstag Food Commission that meats, potatoes, and bread allowances must soon be reduced.

A Zurich dispatch declared the Austro-Hungarian situation is "serious". M. Karole has organized the workers and others against Baron von Burian and Count Teza, it is said. Meanwhile the German Nationalists in Austria are insisting that Premier von Seydler resign. (It was recently reported that von Seydler had tendered a second resignation but that Emperor Carl declined to accept it.)

ASTOUNDING German orders revealed German efforts to undermine the morale of the Allied army, quoting details from dispatches from Henry Wood on the French front describing orders taken from Germans captured by the French on the Italian front. Fraternize was the key note of the efforts described by the Kaiser. To promote this the German war office was to supply poisoned tobacco and other comforts which were to get judiciously into the hands of the allied troops. The Germans picked carefully for the work were surrounded by a special safe guard. The order provides that on certain days there was to be no artillery action on various sectors set for the fraternization.

Dispatches from London said that several large submarines of a new type had been found during the last six weeks. Steam is the motive power for the submarines which are equipped with telescopic funnels. They

LIBERTY LOAN NOTES

J. Frank Snyder, W. I. Swoope and L. C. Norris went to Olanta Wednesday evening and following an enthusiastic Liberty Loan rally were gratified to find that this little community subscribed for \$2650 worth of bonds.

Mr. and Mrs. J. O. Reed came down from Olanta last evening and going to Mr. Swoope's office gave an additional subscription of \$600 thus increasing Olanta's total to \$3250. Mr. and Mrs. Reed took a \$50 bond for their daughter Miss Runa Reed.

The Maintenance of Way department of the New York Central have every reason to feel proud of their accomplishments on the Third Liberty Loan. We are advised this morning that the two hundred and two employees of the division from Clearfield to Keating and from Clearfield to Irvona, mostly trackmen have taken the magnificent total of \$14,050 in bonds.

The men of the Clearfield Brewing company are proud as fighting cocks today over the way they have handled the Liberty Bond Issue. Twenty men at the brewery have subscribed for a total of \$3,000 in bonds. This is a grand average and they have reason to be proud of it.

HELP OVER THE HILL

Washington, May 3.—With two more days to go with the Liberty Loan the nation early today was \$162,000,000 short of the minimum quota of \$3,000,000,000 in subscriptions. Over night reports brought the loan to \$2,838,000,000, a gain of about \$87,000,000. Liberty Loan officials believe the subscription would be over subscribed. Reports from Dallas and San Francisco claim their districts had over subscribed their quota. Ohio claims an over subscription of 5 per cent. This, however, is not officially confirmed. Interest in the last lap is displayed in the Atlantic districts.

MINISTER IN CUSTODY AT BEAVER

Pittsburgh, May 3.—Frederic Rader, pastor of the Free Presbyterian Church of Rochester, Pa., was in custody at Beaver today, charged with sedition and disloyalty. Rader was arrested by home defense police as he declined to make a demonstration of loyalty. "Christ is opposed to war and no Christian should buy Liberty bonds," was one of the statements attributed to Rader by members of a committee of citizens who called upon him.

HEAVY CASUALTY LIST TODAY

Washington, May 3.—Losses in the New England divisions are revealed in today's casualty list issued by the War Department. The list is the first with the emergency address restored. It reported 18 killed in action, 2 missing, 1 dead of wounds, 2 wounded seriously and 58 slightly wounded.

MEN LEAVING FOR FT. THOMAS HEARD A GREAT SPEECH

The farewell reception to the fifteen selected men who left this morning for Fort Thomas, Kentucky, was, we believe, the banner occasion of the kind since our outraged country or government was forced to pick up the gage thrown down by the blonde beasts of Berlin.

When the selected men headed by Mayor Chase and Comrade W. I. Mahaffey carrying the colors and led by the Clearfield Italian band marched into the court room every seat in the spacious room was filled. The soldiers were seated in the jury box and the band occupied the grand jury's chairs on the opposite side of the room.

Chairman Woodward, of the Public Safety committee called the meeting to order and introduced County Musical Director Nightingale, who asked all present to arise and join in the singing of "America" with the band leading the glorious old national hymn was sung with a fervor and strength which fairly shook the building.

Rev. Hartman of Trinity M. E. church then delivered a most eloquent opening prayer, which was followed by the singing of the "Battle Hymn of the Republic."

Chairman Woodward then introduced Dr. E. C. Reeve, of the First Presbyterian church, as the speaker of the evening, and when the reverend gentleman had concluded his effort it was the unanimous verdict of all who heard him, that his was not only the speech of the evening but "the speech" of the war thus far in Clearfield.

No man in our community is more loyally patriotic and no one person has taken more interest in war work of every description and kind than has Dr. Reeve and he was not only full of his subject but had a fund of pertinent information that was a revelation to the hitherto unthinking among his hearers. He opened by congratulating the selected men of their opportunity to play their part in the greatest crisis in all history and gave them words of courage, counsel and cheer.

This done, he launched forth on the other side and drew graphic word-pictures of the dastardly work of the Hun throughout the areas he has devastated and defiled by his presence and almost unbelievable attention to German propaganda in this country and unmercifully flayed the pro-German citizen who seeks by insinuation or otherwise to spread dissension among our people or attempts to belud the awful menace of the Kaiser and his Potsdam gangs. He said this was the time, as never before in the history of this glorious country, when every American was on trial and every man must be 100 per cent loyal or suffer the consequences.

Rev. Reeve's speech was just what our community needed at this time and should serve to open the eyes of the fellow who has been going about belittling the efforts of his government in the war and spreading his insidious propaganda by attacking some one or all of our allies. He referred to some of the stories told by the brave Canadian officers who will speak to audiences in the High School and Presbyterian church tonight and said they had a wonderful story to tell of more than three years of war.

Chairman Woodward followed Rev. Reeve and enlarged on his strictures against the pro-German, stating that since the passage of the espionage law the Public Safety committee would be able to properly attend to any suspects and asking that any such people be promptly reported.

Chief Clerk Bain then called the roll of drafted men which disclosed the fact that among the fifteen were a Belgian, a Russian, a Greek, and two or three Italians. Mr. Bain also gave the men some necessary instructions, following which the meeting closed, the audience departing to the strains of "The Star Spangled Banner".

There are now 2,000 military hospitals in the United Kingdom.

DENTIST TO KAISER TELLS WILD BOASTS OF GERMAN MILITARISTS

"High officials of the German Army boasted to me at Grand Headquarters that their chemists had discovered a new and terribly deadly gas, with which they expected to kill a million people in the City of London."

"This gas, to be dropped from bombs carried by huge airplanes, each equipped with six motors, would penetrate into the deepest cellars and subways, the said."

These same high officials boasted to me that the airplanes of which they spoke would be capable of flying to New York and return. They bragged too of super-submarines, which could easily come here and attack us, and it was plain, from the way they talked, that they were endeavoring to give me the impression that these air and under water machines some day would come to New York."

BOLD HIGHWAYMAN ASSAULTS POOL ROOM PROPRIETOR ON DARK STREET

A bold attempt at highway robbery was committed this morning about 1 o'clock, the victim of the hold-up being William Davis, one of the proprietors of the Edwards & Davis pool room. Mr. Davis lives on Water street and was on his way home when he met with his adventure. After closing his place of business in The Progress building he, in company with Oscar Barrett and Guy Cowdrick started down Market street toward the river. At River street they separated, Barrett and Cowdrick continuing

TAR AND FEATHERS APPLIED TO AN AGED GERMAN RESIDENT OF KYLERTOWN

The village of Kylertown in Cooper township was the scene last evening of one of those happenings which denote the stress under which people labor these war times and emphasizes the necessity for cool heads, sound judgment and a tendency on the part of everybody to insist that where a man is not 100 per cent loyal he respect the injunction of Attorney General Gregory to

"obey the law and keep his mouth shut".

As a result of such feeling a regrettable affair happened when a party of Winburne young men angered by the refusal of a Kylertown resident to buy a Liberty Bond or salute the flag, rushed the victim into an alley off the main street and

FRENCH LANDLORDS PAY BIG TOLL FOR CARRYING ON OF THE WAR

By G. D. Gribble

United Press Staff Correspondent

Paris, May 29.—One of the most important legislative measures which has come up during the war, the so-called "rent-law" has finally been settled by the French Chamber.

When the law broke out by virtue of the "Moratorium" those who wished could be exempted from paying rent. The landlords (and in France every well-to-do person is a landlord) were given to understand that their interest would be safeguarded by future legislation and that the state would indemnify them to a certain extent.

According to the new law, which the senate has still to ratify, the leases of those who have fallen in the war are cancelled if the widow or heirs apply for this cancelling within six months after notification of the tenants death. The same facilities for cancelling leases is accorded in the case of a tenant who is declared to be "missing" by the military authorities or unfit through wounds or sickness contracted during the war from exercising his former profession. Leases can also be cancelled if a tenant proves before a court of arbitration that his situation has been so changed owing to the war that it can be presumed he would not have entered into the lease agreement under existing circumstances.

A tenant who is mobilized can have his rent reduced or be entirely exempted from paying. The burden is on the landlord to prove that his tenants financial status has not been modified by his military duties. Persons discharged from the army on account of bad health, as well as war refugees are legally regarded as incapable of paying rent, provided that the annual rent does not exceed \$100 for a bachelor, \$120 for a married man (with an additional \$20 allowed for every member of the family under 16) in Paris or environs. For other cities having over 100,000 inhabitants rents included in this category of exemption must not exceed \$70 for bachelors and \$80 for married men. In small towns, villages and country districts a corresponding scale of rents is established, the lowest being \$15 and \$20 respectively.

In cases where war occupations have increased a tenant's earnings 25 per cent he cannot claim rent-exemption. Tenants who have obtained rent-

FORMER RESIDENT DIES AT SALAMANCA

Mrs. Mary Flanagan, a "former highly respected resident of Third ward, Clearfield, died this morning at her home in Salamanca, New York. Mrs. Flanagan had been a sufferer from stomach trouble for several months and a few weeks ago was brought to the Clearfield hospital in the hope that an operation might prolong her life. It was discovered at this time that her ailment was cancer and that her death was but the matter of days. She returned to her home and her death resulted as above stated.

The deceased came to Clearfield from Gilantown some fifteen years ago and resided with her family on Nichols street up until about two years ago when they removed to Salamanca.

Mrs. Flanagan was a conscientious Christian woman and a lifelong, practicing member of the Catholic church. She enjoyed the unbounded respect and esteem of all who had the pleasure of her acquaintance and her family have the sympathy of all in their bereavement.

Her remains will be interred at Snow Shoe on Monday, the funeral party will leave Salamanca at midnight and come to Clearfield over the B. & P., arriving here at 8 o'clock and will continue on to Snow Shoe over the New York Central railroad.

PUT THE SLACKERS TO WORK

Pennsylvania needs a law modeled after the New Jersey statute which provides that all able-bodied citizens shall go to work. The necessity for some such legislation is openly apparent here in Clearfield when you can see so many big huskies "standing in the market place idle" when they should be earning their daily bread these war times. Put the slackers to work.

exemption or delays for payment cannot be forced to pay till six months after peace has been declared.

Provision is made for landlords in modest circumstances who will be indemnified by the state up to 50 per cent of loss sustained through non-payment of rents.

C. H. S. JUNIORS DID RIGHT THING

Everybody admires the grace with which the High School Juniors postponed their play this evening for the big meetings at which Lieutenants Hersey and Rainville will speak. The play, and it is a dandy, will be given tomorrow evening and their patriotic action in postponing their play in the interests of patriotism will win the Juniors a lot of friends.

POLITICAL SEASON OPENS MONDAY

With the big bond campaign closing tomorrow night the open season for public office will begin and instead of bond solicitors there will be candidates by the dozen soliciting votes from the citizens of the county. Too bad that the women cannot take a part in this campaign for they well demonstrated the fact that they can do things in the bond campaign.

WHY SAVE SUGAR?

If any man has failed to see the reason why he should cut his plentiful apportionment of two spoonfuls of sugar to the one of war time, he can find it in a recent publication of the United States Department of Agriculture explaining the world-wide shortage—especially the shortage among the Allies—in the supply of sweets.

Not only has the supply of sugar in some parts of the United States been short, but there has been an actual shortage of more than 2,000,000 tons annually in the world since the war began, and the shortage is likely to continue, the publication says, primarily because of the destruction of a large number of sugar mills and the devastation of a considerable area of sugar-producing lands in Europe.

PRETTY SORT IS RIGHT

We want to call the attention of our readers to the Liberty Loan advertising on the next page. This is the windup of the

advancing campaign and every man who has bought a bond and every one who has told the solicitors "I'll think it over," should sit down and read this page carefully. It is devoid of pictures and illustration. It is a common sense argument that should appeal to every man who has not yet donned a uniform. Our buying a Liberty Bond is in no way a sacrifice except in so far as we may deny ourselves some luxury until the bond is paid for. After that we own a gilt edged security and have the result of our thrift. It is indeed pretty soft to get off so easy when so many are giving their time, sacrificing home comforts, congenial surroundings and life-long friendships. The man who can truly say that he cannot afford to buy a bond is indeed a scarce article.

COMING EVENTS

We need not go to the extent of jingoism to predict that our troubles are not over with Mexico. It is noticeable that the large press associations and big newspapers of the nation have been giving Mexico "absent treatment" in the news of the day and back of this "there is a reason". Just what that reason is we are not prepared to say but the fact remains that Mexico is very unfriendly to us and this unfriendliness is the direct result of German propaganda of the type described and exposed by Carl W. Ackerman in The Saturday Evening Post recently. Ostensibly the American War Department is training large bodies of troops, particularly cavalry and airmen, on the Mexican border and the average man has been free to criticize the shipping of northern and northeastern men into Texas for training and then after a time reshipping them to points in the East. We believe that there is a very good reason for the large number of troops being kept in the region of Texas and Oklahoma and that reason is Mexico and her hatred of America and things American. A day or so ago a United Press dispatch from London made some mention of the American-Mexican trouble and stated that a grave condition of affairs existed. Now that we are so close to England in diplomatic affairs it is not surprising that this information came to us through that channel though it might not have been the right thing. There is no doubt but that we are now fully able to cope with any trouble Mexico may give us but there is no denying the fact that she may turn out to be a running sore that will cripple to a small extent our preparation to fight Germany with our whole force. We will hear more of Mexico in the news columns in the next few months so we may as well prepare for it now.

JOHN BURCHFIELD WITH CANADIAN FORCES

John Burchfield, a former Progress Linotype operator is now in France with the Canadian army and in a letter to a friend here wishes to be remembered to his many Clearfield friends. He says he receives a bundle of Progresses regularly and is mighty glad to get the home news in the style we serve it. His address is: The Canadian Inf. Batt. No. 2448318, B. E. F. France, c/o Army Post Office, London.

DIAZ

General Armado Diaz has served as commander in chief of the Italian armies since Nov. 8, 1917. He replaced General Cadorna on the transfer of that veteran officer to the post of Italian military representative on the Supreme War Council of the allies at Versailles.

General Diaz is a native of Southern Italy and had spent many years on the Italian general staff before the outbreak of the world war. He was secretary to the chief of staff at Rome for some time and was credited with many movements for the modernization of the Italian army.

He served with distinction in the Libyan campaign in Africa, leading an infantry regiment. He was severely wounded in an important engagement and won a war medal. He was a colonel at the beginning of the present war but won rapid advancement as a result of success in battle. His assignment to the highest command at the critical hour for Italy in the war during the Austro-German invasion last November was made, military experts hold, on account of the confidence General Diaz enjoys from his officers and men as well as from the civilian population.

A. M. PEARCE MADE GENERAL SUPERINTENDENT

Effective May 1st A. M. Pearce, who has been in charge of the Penn Public Service company's operations here and in this neighborhood for several years, becomes the general superintendent for the company, with supervision over every branch and department of this big and rapidly growing service corporation. He will, of course, go to the headquarters office at Clearfield, but will continue his residence in Philipsburg, at least until autumn. Mr. Pearce's successor here has not yet been named.

The position is one of great responsibility, and could go only to one whose abilities and qualifications fit him for the place. In brief, the promotion means Mr. Pearce has "made good" here, although it also means that Philipsburg is to eventually lose one of its foremost public spirited citizens. Nevertheless, we offer hearty congratulations, over-weighing evidence of the recognition of his merit by his employers.—Philipsburg Journal.

Supt. Pearce is a former Clearfield resident and his host of warm friends here rejoice not only over his deserved promotion but also because of the fact that he will again return with his family to Clearfield.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

Salts Fine for Aching Kidneys

We eat too much meat which clogs Kidneys, then the Back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

REGULATE EXPRESS COMPANIES

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates thus ending bladder disorders. Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

About the best thing the government could do in the way of regulation of common carriers, etc., is to either take over the express companies bag and baggage or limit the weight of articles to be shipped by express. In this time of war when the manufacturer charges what he pleases for his product heavy machinery and all kinds of freight are sent by express to the demoralization of the already miserable service and if something is not soon done to cut down on the weight of express packages the whole express business will soon cease to function altogether.

Put that want ad in the Progress and get results.

It's Pretty Soft for You

YOU are a merchant, a manufacturer, a broker, a lawyer—willing, but fat; patriotic, but forty. You can't stand the gaff, so there is a soldier in France doing your fighting for you. No matter what sacrifice of ease, time and money you are making, beside the lot of your soldier in France, *it's pretty soft for you, isn't it?*

You are young, you are strong, but because you are a good farmer your country orders you to serve at home, raising food for the soldiers. You are sweating in the fields from sun-up to sun-down, short of labor, fertilizer and materials, but beside the lot of your soldier in France, *it's pretty soft for you, isn't it?*

You are working in the office, the shop or the factory, some because your country requires it, some because age or condition demands it. You are doing hard work, good work, patriotic work, but after all, beside the lot of your soldier in France, *it's pretty soft for you, isn't it?*

You have a soldier in France who is facing death for you. What can you do for him? There is very little that you can do for him in comparison to what he is doing for you. But—

You can give him yourself—your loyalty in thought, word and deed. You can give him your money—to the last dollar if he needs it to carry on your fight.

But your country does not ask you to give, only to invest your savings in the best and safest bond on earth—the Liberty Bond. *It's pretty soft for you, isn't it?*

Buy your bonds today that your soldier in France may know that the man for whom he is going through Hell has fighting stuff in him, even if he has to stay at home.

NOTICE TO LOT OWNERS

In accordance with the Provisions of the General Act of Assembly, Section 7, of Article 2, of Chapter 9, of the Borough Code, approved the 14th day of May, 1915, P. L. page 416, notice is hereby given by the Shade Tree Commission of the Borough of Clearfield, to the owners of lots fronting upon the following streets and avenues within the Borough of Clearfield, Pennsylvania, viz: First, Seventh, Eighth, Ninth, Tenth, Eleventh, Twelfth, Thirteenth, Barrett, Dancy, Dorey, North, Bridge, Cemetery Road, Cherry, Clark, Elm, Leidy, Linden, Locust, Maple Avenue, Birch Avenue, Bridge Avenue, Mangrove, Market, North Fifth, North Tenth, North Front, North Second, North Third, Ogden Avenue, Park Avenue, Park Place, Pine, Reed, South Fifth, South Front, South Second, South Spruce, Witmer, Walnut, Water, Clearfield, Fulton, Hannah, McBride, Martin, Menell, New, Nichols, Park, West River Avenue, Smith, Turnpike Avenue, Wallace, Weaver, West Cherry, West Fourth, West Front, West Locust, West Market, West Pine, West Second, West Third, West Walnut and West Williams.

That it is the intention of the Commission to remove, where necessary, shade trees on lots fronting upon the streets and avenues named above, and to plant Shade Trees of the Norway Maple species, during the coming spring of 1918, and that if the owners of the lots named above, who are interested in the removal of the trees, will be kind to consider this work in the Arbitration Room of the Court House in the Borough of Clearfield on Tuesday the 7th day of May, 1918, at 3:30 o'clock, p. m., when all parties interested may attend.

Connie Mack seems to have shifted his tactics. Instead of kidnapping collegians and sand letters for the Athletics it looks as if Connie was depending upon the pension bureau to supply him with pastures.

Pity the poor pastime who is sentenced to perform in St. Louis. There is no chance for him to make a getaway, for as soon as the Browns are done with him he is passed on to the Cardinals.

BOLD HIGHWAYMAN ASSAULTS MAN

(Continued From Page One)

under Mr. Davis' arm when he was struck but scrambling to his feet he was able to recover it before the robber got his clutches on it, and as the club was broken over Davis' head, the cowardly thug lost his nerve and started to run.

With blood streaming down his face the plucky victim of the murderous assault started up street hotfoot after the robber. He called to Barrett and Cowdick as he ran and they too joined in the chase. The thief ran across Market street and skirting the high school building crossed First street and disappeared into the alley behind the junior high school.

The police were called and Chief Eadie and Officer Carlson soon arrived and assisted in the search of the vicinity for the highwayman but he succeeded in getting away.

The highwayman was undoubtedly a local man and as Mr. Davis had a good view of the fellow as he chased him up street he is about satisfied he can put his hand on the fellow and an arrest is looked for in the near future.

The assault was a particularly atrocious one, the club used being all of three feet long. Mr. Davis suffered a badly contused forehead, escaping more serious injury only because the force of the blow broke the weapon in two at a weak place, due to a knot in the wood.

The lover in Finland never himself proposes marriage to the girl of his choice. The momentous proposal is always made through a third person, called the "talman," to whom the happy couple give a present when his delicate mediation proves successful and ends in a wedding.

Speaking of his pitching coach, Manager Robinson of the Dodgers says that Grimes will be able to hold the National league batsmen safe all the way. Well, National league batsmen are generally safe all the way when facing Dodger twirlers.

"Buck" Herzog has been appointed captain of the Braves. After his experience as manager of the Reds, "Buck" doesn't care what becomes of him.

The salary list of the British army now amounts to \$560,000,000 a year.

ANOTHER WAY OF GIVING MILITARY INFORMATION

(By United Press)

London, March 12.—Capt. Bruce Bainsfather, author of "The Better 'Ole," and creator of "Old Bill," has been giving away American military secrets. He has revealed the exact part of the United States from which all the troops now in France have come.

All of them, according to an article by Bainsfather in the Sunday Dispatch, come from that section of the U. S. A. where the natives invariably say, "Wal." Personally, I don't know just where it is, having acquaintance only with the North, South, East, West and Middle States. But those doggone Germans, who, so we are reliably informed, know everything, certainly can take the clue and run it back to its native lair, no matter how remote a country in what remote state it may be.

Capt. Bainsfather oughtn't have done this, but he did. Listen to these excerpts of conversations he reports, after a visit to the American front:

"Wal," said one lanky, lean fellow (to Bainsfather). "I guess, I could make Orleans with a sack of coal on my back from that campment."

"What he meant isn't explicated," "Wal," says an American in another camp when asked where a letter could be posted, "I should take it to the French Post Office, because if you post it in the American pillar box it will be slower than molasses in June."

Really, B. B., you weren't thinking when you wrote that one. Its in January that molasses are slow, not June. Let me explain it: In January the weather is cold, and molasses won't run when they're cold. So they're slow in January. There now, it isn't hard when you figure it out, is it?

"Wal," says a genial general to a squad of troops, as reported by B. B., "if you are not the g-d-d-mned toughest lot of tramps I ever set eyes on." The General may have been just that blasphemous, but I know darn well he didn't say, "Wal!"

Hate to harp on this subject of inaccuracies, but I feel I've got a solemn commission from somewhere to relieve the pent-up feeling of the American colony in London regarding the Bigelow Papers—style of conversation Americans are supposed to exhibit when they open their mouths. "You would not think I was a minister's son, would you now?" our new enemy, Bainsfather, attributes to a trench-digging Yank, and explains—come to think of it, the explanations are worst of all—that this man like all Americans was very proud of his home association.

Now what that Yank said was: "This is no place for a minister's son!" I'll leave it to anybody in America. And furthermore, of course he wasn't a minister's son.

Capt. B. heard him and I didn't, but I'll bet—or as English humorists would make me say it: I'll lay ye any odds—anything up to a meatless dinner against a box at Bainsfather's latest theatrical success—that that is what the boy in the trench said.

NEWS OF OUR NEIGHBORS CURWENSVILLE

The Ladies Aid society of the Presbyterian church held an all day quilting in the basement of the church yesterday afternoon. A unipolous roast pork dinner was served to about fifty.

A very successful Liberty Loan meeting was held at the Methodist church last Wednesday at 8:30 p. m. An open air concert and selections by the Crescent band largely increased the attendance. R. D. Swoope, Esq., presided over this monster meeting at which the speakers were Lieutenant Hershey of the Canadian Field artillery and Fred Belts of gave facts from the front as an eye witness having spent nearly four years over there. A fitting climax to these two live addresses was a good addition to our local subscription to the loan this meeting adding over \$2,000. Next will be the great parade and mas. meeting of next Sunday afternoon.

Funeral services of Mrs. Anabella Freeman, wife of William Freeman, of Grampian, who passed peacefully to rest Monday April 29, 1918, was held from her late residence in Grampian, Wednesday afternoon and was largely attended.

Mrs. Freeman was the daughter of the late David Bloom and Sarah (Hoover) Bloom and was born on a farm near town January 20, 1845, so her days were 73 years, 3 months and 8 days.

Mrs. Freeman was a faithful member of the Methodist church. Rev. Jones, of Lumber City conducted the exercises.

She is survived by her husband and the following children: Mrs. John Johnson and Ralph Freeman, Grampian; Mrs. Ralph Redefor, Woodland; Mrs. Charles Maurey, Lumber City. Also the following sisters and brothers: Mrs. Robert McClure, Mrs. S. J. McKenrick, Mrs. Edward Moore and Harrison Bloom all of Curwensville; Irvin T. Bloom, Santa Cruz, Cal. Relatives from out of town who attended the funeral were: Mrs. J. L. Runkle Bellefonte; Mr. and Mrs. J. D. Kerns, Brockport; Mr. and Mrs. Samuel Gearhart and Mr. and Mrs. Hugh McKenrick of Clearfield and Mrs. Eva Hoover, Ohio.

Burial was made in the Friends cemetery at Grampian.

A daughter was born to Mr. and Mrs. James Irwin of Chestnut Ridge, Wednesday May 1st.

Mrs. B. E. McDavitt of Lumber City, visited her parents Mr. and Mrs. George Fleming of Irvin Hill yesterday.

Miss Florence Evans, of Oneoda, is visiting at the home of Mr. and Mrs. John Cole of South Side.

Scott McFadden, Mr. and Mrs. Earl McFadden, James Freeman and daughter Miss Lulu, were among those from town who attended the funeral of the late Mrs. William Freeman of Grampian, Wednesday afternoon.

Mrs. George Gray of Clearfield visited her sister Mrs. Martha Browne this week.

Lester Bartelle is home from camp on a short furlough with his parents.

Miss Mable Leonard of Hendersonville, visited her parents Mr. and Mrs. Samuel Leonard this week.

The British armies now number 7,500,000 men.

TAR AND FEATHERS APPLIED TO AGED KYLERTOWN MAN

(Continued From Page One)

plentifully covering him with tar and feathers, not only forced him to march down street with a flag in his hand but made him climb a ladder and place the flag on his residence.

The victim of the outburst was Michael Moyer a resident of Cooper township for many years, who it is alleged has been pronounced in his pro-german leanings. Yesterday's affair is generally regretted by his neighbors on account of the man's advanced years.

The danger always in affairs of such character is that persons taking the law into their own hands will go too far and do things under the impulse that they will be sorry for afterwards. Pro-Germanism of whatever kind and character must be stamped out, but now that the espionage law furnishes a remedy, let us allow the law to take its course, jealously guard our rights and report all violations and violators to the proper authorities and insist on prompt action in every case.

GIVE THEM CHEERING LETTERS

Washington, D. C., May 3.—Mothers, write more cheerful letters to your sons in uniform! They need messages of encouragement, not doleful forebodings, nor constant reminders of the awfulness of the "great disaster to humanity".

This is the pleading message sent out—not by Government officials, but by the boys themselves—boys that are over there!

"Don't help the kaiser by hanging weights on the spirits of your boys who are fighting," writes Joseph Teter, of the — Regiment, United States Marine corps, now in France. "The boys are ready to go through with this thing, taking things as they come, but it is the folks back home who seem to be quitters. All of us are getting letters of this sort from our mothers—and I tell you, its mighty disheartening."

Take a tip from this lad's earnest plea, Mothers, don't wait!

HOW RED'S RUN SHIP

(By United Press)

Tokio, March 23.—How Bolsheviks control Russian even on the high seas is illustrated in the case of the Russian steamer Nicolaï Hozmeton, which is controlled by a seamen's committee of five men, with whom the captain concurs on all matters of ship discipline. The steamer operates at present between Singapore and Hongkong, but it touched Manila to place two seamen in the hospital there. When the men were pronounced to ill to work, the seamen's committee demanded that the ship be taken out of its course to Manila. The captain concurred. The skipper has nothing to do with the ship except direct navigation and arrange cargo. As a result the vessel has not called at a Russian port in five months.

ATTACK SUBMARINE WITH LEWIS GUN

(By United Press)

London, May 30.—British air snappers in a rescue never know when to quit.

A seaplane patrolling along the French and Belgian coasts, sighted two German destroyers, and attacking one with bombs, damaged the deck and stanchions.

Not satisfied, the pilot then dived 1,000 feet and attacked the vessel with a Lewis gun, firing one tray at a distance of 300 yards, scoring hits on the deck and forepart.

PIMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

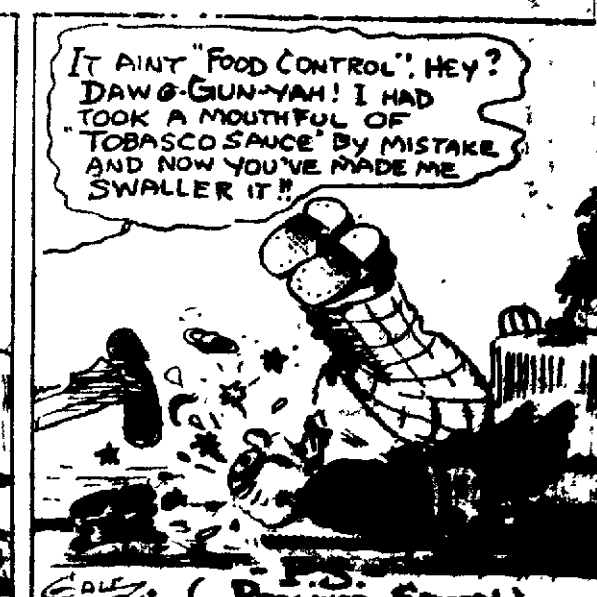

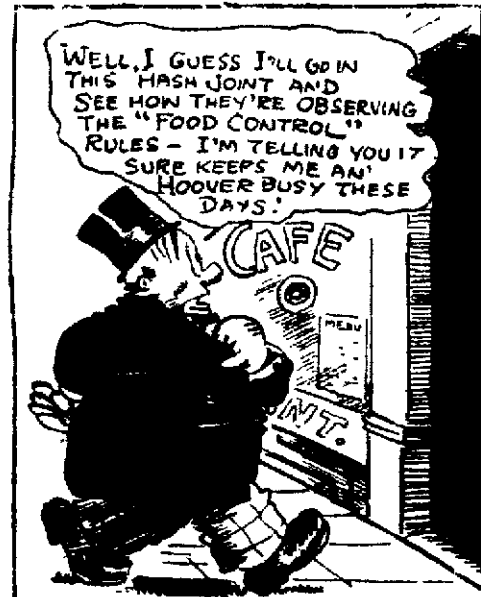

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

HINDENBURG LINE QUIET AS FRENCH MAKE GAINS

French forces continuing their offensive on the western front have scored two important successes against the enemy. Today's official communique reports the capture of Hill 82 near Hailles and on the bank of the Avre River. One hundred prisoners, including 4 officers, were taken in the latter action.

The Germans have made no gains at any points since last Saturday all advances indicate. On the other hand both French and British forces have won back important ground. The French statement did not say that American troops participated in the battle of Hill 82 but it is known that the Americans have been fighting in that vicinity.

Latest dispatches from the western front indicate that up to noon today the Germans have attempted no resumption of their offensive in that sector. General Haig reported local fighting and minor raids in which the British forces won an advantage near Villers Bretonneux. In successful raids south of Arras and east of St. Venant we took 10 prisoners and 5 machine guns, Haig's statement added. The artillery was mutually active last night. Principle cannonading took place near Givenchy and in the neighborhood of Loere.

The French night communique reported a brilliant success in Baune together with appreciable gains elsewhere.

With the army on the west front losing hourly the Berlin Press Bureau continued today to release calamity news. The German food situation is again becoming critical according to one dispatch via Copenhagen. It reported that German Food Controller von Wadow told the Reichstag Food Commission that meats, potatoes, and bread allowances must soon be reduced.

A Zurich dispatch declared the Austro-Hungarian situation is "serious". M. Karole has organized the workers and others against Baron von Burian and Count Teza, it is said. Meanwhile the German Nationalists in Austria are insisting that Premier von Seydler resign. (It was recently reported that von Seydler had tendered a second resignation but that Emperor Carl declined to accept it.)

ASTOUNDING German orders revealed German efforts to undermine the morale of the Allied army, quoting details from dispatches from Henry Wood on the French front describing orders taken from Germans captured by the French on the Italian front. Fraternize was the key note of the efforts described by the Kaiser. To promote this the German war office was to supply poisoned tobacco and other comforts which were to get judiciously into the hands of the allied troops. The Germans picked carefully for the work were surrounded by a special safe guard. The order provides that on certain days there was to be no artillery action on various sectors set for the fraternization.

Dispatches from London said that several large submarines of a new type had been found during the last six weeks. Steam is the motive power for the submarines which are equipped with telescopic funnels. They

LIBERTY LOAN NOTES

J. Frank Snyder, W. I. Swoope and L. C. Norris went to Olanta Wednesday evening and following an enthusiastic Liberty Loan rally were gratified to find that this little community subscribed for \$2650 worth of bonds.

Mr. and Mrs. J. O. Reed came down from Olanta last evening and going to Mr. Swoope's office gave an additional subscription of \$600 thus increasing Olanta's total to \$3250. Mr. and Mrs. Reed took a \$50 bond for their daughter Miss Runa Reed.

The Maintenance of Way department of the New York Central have every reason to feel proud of their accomplishments on the Third Liberty Loan. We are advised this morning that the two hundred and two employees of the division from Clearfield to Keating and from Clearfield to Irvona, mostly trackmen have taken the magnificent total of \$14,050 in bonds.

The men of the Clearfield Brewing company are proud as fighting cocks today over the way they have handled the Liberty Bond Issue. Twenty men at the brewery have subscribed for a total of \$3,000 in bonds. This is a grand average and they have reason to be proud of it.

HELP OVER THE HILL

Washington, May 3.—With two more days to go with the Liberty Loan the nation early today was \$162,000,000 short of the minimum quota of \$3,000,000,000 in subscriptions. Over night reports brought the loan to \$2,838,000,000, a gain of about \$87,000,000. Liberty Loan officials believe the subscription would be over subscribed. Reports from Dallas and San Francisco claim their districts had over subscribed their quota. Ohio claims an over subscription of 5 per cent. This, however, is not officially confirmed. Interest in the last lap is displayed in the Atlantic districts.

MINISTER IN CUSTODY AT BEAVER

Pittsburgh, May 3.—Frederic Rader, pastor of the Free Presbyterian Church of Rochester, Pa., was in custody at Beaver today, charged with sedition and disloyalty. Rader was arrested by home defense police as he declined to make a demonstration of loyalty. "Christ is opposed to war and no Christian should buy Liberty bonds," was one of the statements attributed to Rader by members of a committee of citizens who called upon him.

HEAVY CASUALTY LIST TODAY

Washington, May 3.—Losses in the New England divisions are revealed in today's casualty list issued by the War Department. The list is the first with the emergency address restored. It reported 18 killed in action, 2 missing, 1 dead of wounds, 2 wounded seriously and 58 slightly wounded.

MEN LEAVING FOR FT. THOMAS HEARD A GREAT SPEECH

The farewell reception to the fifteen selected men who left this morning for Fort Thomas, Kentucky, was, we believe, the banner occasion of the kind since our outraged country or government was forced to pick up the gage thrown down by the blonde beasts of Berlin.

When the selected men headed by Mayor Chase and Comrade W. I. Mahaffey carrying the colors and led by the Clearfield Italian band marched into the court room every seat in the spacious room was filled. The soldiers were seated in the jury box and the band occupied the grand jury's chairs on the opposite side of the room.

Chairman Woodward, of the Public Safety committee called the meeting to order and introduced County Musical Director Nightingale, who asked all present to arise and join in the singing of "America" with the band leading the glorious old national hymn was sung with a fervor and strength which fairly shook the building.

Rev. Hartman of Trinity M. E. church then delivered a most eloquent opening prayer, which was followed by the singing of the "Battle Hymn of the Republic."

Chairman Woodward then introduced Dr. E. C. Reeve, of the First Presbyterian church, as the speaker of the evening, and when the reverend gentleman had concluded his effort it was the unanimous verdict of all who heard him, that his was not only the speech of the evening but "the speech" of the war thus far in Clearfield.

No man in our community is more loyally patriotic and no one person has taken more interest in war work of every description and kind than has Dr. Reeve and he was not only full of his subject but had a fund of pertinent information that was a revelation to the hitherto unthinking among his hearers. He opened by congratulating the selected men of their opportunity to play their part in the greatest crisis in all history and gave them words of courage, counsel and cheer.

This done, he launched forth on the other side and drew graphic word-pictures of the dastardly work of the Hun throughout the areas he has devastated and defiled by his presence and almost unbelievable attention to German propaganda in this country and unmercifully flayed the pro-German citizen who seeks by insinuation or otherwise to spread dissension among our people or attempts to belaud the awful menace of the Kaiser and his Potsdam gangs. He said this was the time, as never before in the history of this glorious country, when every American was on trial and every man must be 100 per cent loyal or suffer the consequences.

Rev. Reeve's speech was just what our community needed at this time and should serve to open the eyes of the fellow who has been going about belittling the efforts of his government in the war and spreading his insidious propaganda by attacking some one or all of our allies. He referred to some of the stories told by the brave Canadian officers who will speak to audiences in the High School and Presbyterian church tonight and said they had a wonderful story to tell of more than three years of war.

Chairman Woodward followed Rev. Reeve and enlarged on his strictures against the pro-German, stating that since the passage of the espionage law the Public Safety committee would be able to properly attend to any suspects and asking that any such people be promptly reported.

Chief Clerk Bain then called the roll of drafted men which disclosed the fact that among the fifteen were a Belgian, a Russian, a Greek, and two or three Italians. Mr. Bain also gave the men some necessary instructions, following which the meeting closed, the audience departing to the strains of "The Star Spangled Banner".

There are now 2,000 military hospitals in the United Kingdom.

THE BIG GAME

DENTIST TO KAISER TELLS WILD BOASTS OF GERMAN MILITARISTS

"High officials of the German Army boasted to me at Grand Headquarters that their chemists had discovered a new and terribly deadly gas, with which they expected to kill a million people in the City of London."

"This gas, to be dropped from bombs carried by huge airplanes, each equipped with six motors, would penetrate into the deepest cellars and subways, the said."

These same high officials boasted to me that the airplanes of which they spoke would be capable of flying to New York and return. They bragged too of super-submarines, which could easily come here and attack us, and it was plain, from the way they talked, that they were endeavoring to give me the impression that these air and under water machines some day would come to New York."

BOLD HIGHWAYMAN ASSAULTS POOL ROOM PROPRIETOR ON DARK STREET

A bold attempt at highway robbery was committed this morning about 1 o'clock, the victim of the hold-up being William Davis, one of the proprietors of the Edwards & Davis pool room. Mr. Davis lives on Water street and was on his way home when he met with his adventure. After closing his place of business in The Progress building he, in company with Oscar Barrett and Guy Cowdrick started down Market street toward the river. At River street they separated, Barrett and Cowdrick continuing

The village of Kylertown in Cooper township was the scene last evening of one of those happenings which denote the stress under which people labor these war times and emphasizes the necessity for cool heads, sound judgment and a tendency on the part of everybody to insist that where a man is not 100 per cent loyal he respect the injunction of Attorney General Gregory to

FRENCH LANDLORDS PAY BIG TOLL FOR CARRYING ON OF THE WAR

By G. D. Gribble

United Press Staff Correspondent

Paris, May 29.—One of the most important legislative measures which has come up during the war, the so-called "rent-law" has finally been settled by the French Chamber.

When the law broke out by virtue of the "Moratorium" those who wished could be exempted from paying rent. The landlords (and in France every well-to-do person is a landlord) were given to understand that their interest would be safeguarded by future legislation and that the state would indemnify them to a certain extent.

According to the new law, which the senate has still to ratify, the leases of those who have fallen in the war are cancelled if the widow or heirs apply for this cancelling within six months after notification of the tenants' death. The same facilities for cancelling leases is accorded in the case of a tenant who is declared to be "missing" by the military authorities or unfit through wounds or sickness contracted during the war from exercising his former profession. Leases can also be cancelled if a tenant proves before a court of arbitration that his situation has been so changed owing to the war that it can be presumed he would not have entered into the lease agreement under existing circumstances.

A tenant who is mobilized can have his rent reduced or be entirely exempted from paying. The burden is on the landlord to prove that his tenant's financial status has not been modified by his military duties. Persons discharged from the army on account of bad health, as well as war refugees are legally regarded as incapable of paying rent, provided that the annual rent does not exceed \$100 for a bachelor, \$120 for a married man (with an additional \$20 allowed for every member of the family under 16) in Paris or environs. For other cities having over 100,000 inhabitants rents included in this category of exemption must not exceed \$70 for bachelors and \$80 for married men. In small towns, villages and country districts a corresponding scale of rents is established, the lowest being \$15 and \$20 respectively.

In cases where war occupations have increased a tenant's earnings 25 per cent he cannot claim rent-exemption. Tenants who have obtained rent-

FORMER RESIDENT DIES AT SALAMANCA

Mrs. Mary Flanagan, a "former highly respected resident of Third ward, Clearfield, died this morning at her home in Salamanca, New York. Mrs. Flanagan had been a sufferer from stomach trouble for several months and a few weeks ago was brought to the Clearfield hospital in the hope that an operation might prolong her life. It was discovered at this time that her ailment was cancer and that her death was but the matter of days. She returned to her home and her death resulted as above stated.

The deceased came to Clearfield from Gilantown some fifteen years ago and resided with her family on Nichols street up until about two years ago when they removed to Salamanca.

Mrs. Flanagan was a conscientious Christian woman and a lifelong, practicing member of the Catholic church. She enjoyed the unbounded respect and esteem of all who had the pleasure of her acquaintance and her family have the sympathy of all in their bereavement.

Her remains will be interred at Snow Shoe on Monday, the funeral party will leave Salamanca at midnight and come to Clearfield over the B. & P., arriving here at 8 o'clock and will continue on to Snow Shoe over the New York Central railroad.

PUT THE SLACKERS TO WORK

Pennsylvania needs a law modeled after the New Jersey statute which provides that all able-bodied citizens shall go to work. The necessity for some such legislation is openly apparent here in Clearfield when you can see so many big huskies "standing in the market place idle" when they should be earning their daily bread these war times. Put the slackers to work.

exemption or delays for payment cannot be forced to pay till six months after peace has been declared.

Provision is made for landlords in modest circumstances who will be indemnified by the state up to 50 per cent of loss sustained through non-payment of rents.

C. H. S. JUNIORS DID RIGHT THING

Everybody admires the grace with which the High School Juniors postponed their play this evening for the big meetings at which Lieutenants Hersey and Rainville will speak. The play, and it is a dandy, will be given tomorrow evening and their patriotic action in postponing their play in the interests of patriotism will win the Juniors a lot of friends.

POLITICAL SEASON OPENS MONDAY

With the big bond campaign closing tomorrow night the open season for public office will begin and instead of bond solicitors there will be candidates by the dozen soliciting votes from the citizens of the county. Too bad that the women cannot take a part in this campaign for they well demonstrated the fact that they can do things in the bond campaign.

WHY SAVE SUGAR?

If any man has failed to see the reason why he should cut his plentiful apportionment of two spoonfuls of sugar to the one of war time, he can find it in a recent publication of the United States Department of Agriculture explaining the world-wide shortage—especially the shortage among the Allies—in the supply of sweets.

Not only has the supply of sugar in some parts of the United States been short, but there has been an actual shortage of more than 2,000,000 tons annually in the world since the war began, and the shortage is likely to continue, the publication says, primarily because of the destruction of a large number of sugar mills and the devastation of a considerable area of sugar-producing lands in Europe.

PRETTY SORT IS RIGHT

We want to call the attention of our readers to the Liberty Loan advertising on the next page. This is the windup of the

advancing campaign and every man who has bought a bond and every one who has told the solicitors "I'll think it over," should sit down and read this page carefully. It is devoid of pictures and illustration. It is a common sense argument that should appeal to every man who has not yet donned a uniform. Our buying a Liberty Bond is in no way a sacrifice except in so far as we may deny ourselves some luxury until the bond is paid for. After that we own a gilt edged security and have the result of our thrift. It is indeed pretty soft to get off so easy when so many are giving their time, sacrificing home comforts, congenial surroundings and life-long friendships. The man who can truly say that he cannot afford to buy a bond is indeed a scarce article.

COMING EVENTS

We need not go to the extent of jingoism to predict that our troubles are not over with Mexico. It is noticeable that the large press associations and big newspapers of the nation have been giving Mexico "absent treatment" in the news of the day and back of this "there is a reason". Just what that reason is we are not prepared to say but the fact remains that Mexico is very unfriendly to us and this unfriendliness is the direct result of German propaganda of the type described and exposed by Carl W. Ackerman in The Saturday Evening Post recently. Ostensibly the American War Department is training large bodies of troops, particularly cavalry and airmen, on the Mexican border and the average man has been free to criticize the shipping of northern and northeastern men into Texas for training and then after a time reshipping them to points in the East. We believe that there is a very good reason for the large number of troops being kept in the region of Texas and Oklahoma and that reason is Mexico and her hatred of America and things American. A day or so ago a United Press dispatch from London made some mention of the American-Mexican trouble and stated that a grave condition of affairs existed. Now that we are so close to England in diplomatic affairs it is not surprising that this information came to us through that channel though it might not have been the right thing. There is no doubt but that we are now fully able to cope with any trouble Mexico may give us but there is no denying the fact that she may turn out to be a running sore that will cripple to a small extent our preparation to fight Germany with our whole force. We will hear more of Mexico in the news columns in the next few months so we may as well prepare for it now.

JOHN BURCHFIELD WITH CANADIAN FORCES

John Burchfield, a former Progress Linotype operator is now in France with the Canadian army and in a letter to a friend here wishes to be remembered to his many Clearfield friends. He says he receives a bundle of Progresses regularly and is mighty glad to get the home news in the style we serve it. His address is: The Canadian Inf. Batt. No. 2448318, B. E. F. France, c/o Army Post Office, London.

DIAZ

General Armado Diaz has served as commander in chief of the Italian armies since Nov. 8, 1917. He replaced General Cadorna on the transfer of that veteran officer to the post of Italian military representative on the Supreme War Council of the allies at Versailles.

General Diaz is a native of Southern Italy and had spent many years on the Italian general staff before the outbreak of the world war. He was secretary to the chief of staff at Rome for some time and was credited with many movements for the modernization of the Italian army.

He served with distinction in the Libyan campaign in Africa, leading an infantry regiment. He was severely wounded in an important engagement and won a war medal. He was a colonel at the beginning of the present war but won rapid advancement as a result of success in battle. His assignment to the highest command at the critical hour for Italy in the war during the Austro-German invasion last November was made, military experts hold, on account of the confidence General Diaz enjoys from his officers and men as well as from the civilian population.

A. M. PEARCE MADE GENERAL SUPERINTENDENT

Effective May 1st A. M. Pearce, who has been in charge of the Penn Public Service company's operations here and in this neighborhood for several years, becomes the general superintendent for the company, with supervision over every branch and department of this big and rapidly growing service corporation. He will, of course, go to the headquarters office at Clearfield, but will continue his residence in Philipsburg, at least until autumn. Mr. Pearce's successor here has not yet been named.

The position is one of great responsibility, and could go only to one whose abilities and qualifications fit him for the place. In brief, the promotion means Mr. Pearce has "made good" here, although it also means that Philipsburg is to eventually lose one of its foremost public spirited citizens. Nevertheless, we offer hearty congratulations, over-weighing evidence of the recognition of his merit by his employers.—Philipsburg Journal.

Supt. Pearce is a former Clearfield resident and his host of warm friends here rejoice not only over his deserved promotion but also because of the fact that he will again return with his family to Clearfield.

LEMONS BRING OUT THE HIDDEN BEAUTY

Make this lotion for very little cost and just see for yourself.

What girl or woman hasn't heard of lemon juice to remove complexion blemishes; to bleach the skin and to bring out the roses, the freshness and the hidden beauty? But lemon juice alone is acid, therefore irritating, and should be mixed with orchard white this way. Strain through a fine cloth the juice of two fresh lemons into a bottle containing about three ounces of orchard white, then shake well and you have a whole quart pint of skin and complexion lotion at about the cost one usually pays for a small jar of ordinary cold cream. Be sure to strain the lemon juice so no pulp gets into the bottle, then this lotion will remain pure and fresh for months. When applied daily to the face, neck, arms and hands it should help to bleach, clear, smoothen and beautify the skin. Any druggist will supply three ounces of orchard white at very little cost and the grocer has the lemons.

We eat too much meat which clogs Kidneys, then the Back hurts

Most people forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

A well known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

REGULATE EXPRESS COMPANIES

About the best thing the government could do in the way of regulation of common carriers, etc., is to either take over the express companies bag and baggage or limit the weight of articles to be shipped by express. In this time of war when the manufacturer charges what he pleases for his product heavy machinery and all kinds of freight are sent by express to the demoralization of the already miserable service and if something is not soon done to cut down on the weight of express packages the whole express business will soon cease to function altogether.

Put that want ad in the Progress and get results.

It's Pretty Soft for You

YOU are a merchant, a manufacturer, a broker, a lawyer—willing, but fat; patriotic, but forty. You can't stand the gaff, so there is a soldier in France doing your fighting for you. No matter what sacrifice of ease, time and money you are making, beside the lot of your soldier in France, *it's pretty soft for you, isn't it?*

You are young, you are strong, but because you are a good farmer your country orders you to serve at home, raising food for the soldiers. You are sweating in the fields from sun-up to sun-down, short of labor, fertilizer and materials, but beside the lot of your soldier in France, *it's pretty soft for you, isn't it?*

You are working in the office, the shop or the factory, some because your country requires it, some because age or condition demands it. You are doing hard work, good work, patriotic work, but after all, beside the lot of your soldier in France, *it's pretty soft for you, isn't it?*

You have a soldier in France who is facing death for you. What can you do for him? There is very little that you can do for him in comparison to what he is doing for you. But—

You can give him yourself—your loyalty in thought, word and deed. You can give him your money—to the last dollar if he needs it to carry on your fight.

But your country does not ask you to give, only to invest your savings in the best and safest bond on earth—the Liberty Bond. *It's pretty soft for you, isn't it?*

Buy your bonds today that your soldier in France may know that the man for whom he is going through Hell has fighting stuff in him, even if he has to stay at home.

BOLD HIGHWAYMAN ASSUALTS MAN

(Continued From Page One)

under Mr. Davis' arm when he was struck but scrambling to his feet he was able to recover it before the robber got his clutches on it, and as the club was broken over Davis' head, the cowardly thug lost his nerve and started to run.

With blood streaming down his face the plucky victim of the murderous assault started up street hotfoot after the robber. He called to Barrett and Cowdick as he ran and they too joined in the chase. The thief ran across Market street and skirting the high school building crossed First street and disappeared into the alley behind the junior high school.

The police were called and Chief Eadie and Officer Carlson soon arrived and assisted in the search of the vicinity for the highwayman but he succeeded in getting away.

The highwayman was undoubtedly a local man and as Mr. Davis had a good view of the fellow as he chased him up street he is about satisfied he can put his hand on the fellow and an arrest is looked for in the near future.

The assault was a particularly atrocious one, the club used being all of three feet long. Mr. Davis suffered a badly contused forehead, escaping more serious injury only because the force of the blow broke the weapon in two at a weak place, due to a knot in the wood.

ANOTHER WAY OF GIVING MILITARY INFORMATION

(By United Press)

London, March 12.—Capt. Bruce Bainsfather, author of "The Better 'Ole," and creator of "Old Bill," has been giving away American military secrets. He has revealed the exact part of the United States from which all the troops now in France have come.

All of them, according to an article by Bainsfather in the Sunday Dispatch, come from that section of the U. S. A. where the natives invariably say, "Wal." Personally, I don't know just where it is, having acquaintance only with the North, South, East, West and Middle States. But those doggone Germans, who, so we are reliably informed, know everything, certainly can take the clue and run it back to its native lair, no matter how remote a country in what remote state it may be.

Capt. Bainsfather oughtn't have done this, but he did. Listen to these excerpts of conversations he reports, after a visit to the American front:

"Wal," said one lanky, lean fellow (to Bainsfather). "I guess, I could make Orleans with a sack of coal on my back from that campment."

"What he meant isn't explicated," "Wal," says an American in another camp when asked where a letter could be posted, "I should take it to the French Post Office, because if you post it in the American pillar box it will be slower than molasses in June."

Really, B. B., you weren't thinking when you wrote that one. Its in January that molasses are slow, not June. Let me explain it: In January the weather is cold, and molasses won't run when they're cold. So they're slow in January. There now, it isn't hard when you figure it out, is it?

"Wal," says a genial general to a squad of troops, as reported by B. B., "if you are not the g-d-damned toughest lot of tramps I ever set eyes on."

The General may have been just that blasphemous, but I know darn well he didn't say, "Wal!"

Hate to harp on this subject of inaccuracies, but I feel I've got a solemn commission from somewhere to relieve the pent-up feeling of the American colony in London regarding the Bigelow Papers—style of conversation Americans are supposed to exhibit when they open their mouths.

"You would not think I was a minister's son, would you now?" our new enemy, Bainsfather, attributes to a trench-digging Yank, and explains—come to think of it, the explanations are worst of all—that this man like all Americans was very proud of his home association.

Now what that Yank said was: "This is no place for a minister's son!" I'll leave it to anybody in America. And furthermore, of course he wasn't a minister's son.

Capt. B. heard him and I didn't, but I'll bet—or as English humorists would make me say it: I'll lay ye any odds—anything up to a meatless dinner against a box at Bainsfather's latest theatrical success—that that is what the boy in the trench said.

Announcing AJAX

Shoulders of Strength

NOTE in the picture below the special supports built into Ajax Tires. They brace the tread where road strain is greatest. Shoulders of Strength are a special patented Ajax feature. They reinforce and cushion the tread, thereby adding to your mileage. Shoulders of Strength distribute road wear evenly over the entire width of the tread. Wear does not come in one spot to grind through to the fabric.

AJAX ROAD KING

"More Tread on the Road"

Built for maximum road endurance, proves superiority in competition. And—Ajax Tires are 97% Owners' Choice—this huge percentage of Ajax total volume is chosen by car users to replace other tires that came with their cars.

NEWS OF OUR NEIGHBORS CURWENSVILLE

The Ladies Aid society of the Presbyterian church held an all day quilting in the basement of the church yesterday afternoon. A unipolous roast pork dinner was served to about fifty.

A very successful Liberty Loan meeting was held at the Methodist church last Wednesday at 8:30 p. m. An open air concert and selections by the Crescent band largely increased the attendance. R. D. Swope, Esq., presided over this monster meeting at which the speakers were Lieutenant Hershey of the Canadian Field artillery and Fred Belts of gave facts from the front as an eye witness having spent nearly four years over there. A fitting climax to these two live addresses was a good addition to our local subscription to the loan this meeting adding over \$2,000. Next will be the great parade and mas. meeting of next Sunday afternoon.

Funeral services of Mrs. Anabella Freeman, wife of William Freeman, of Grampian, who passed peacefully to rest Monday April 29, 1918, was held from her late residence in Grampian, Wednesday afternoon and was largely attended.

Mrs. Freeman was the daughter of the late David Bloom and Sarah (Hoover) Bloom and was born on a farm near town January 20, 1845, so her days were 73 years, 3 months and 8 days.

Mrs. Freeman was a faithful member of the Methodist church. Rev. Jones, of Lumber City conducted the exercises.

She is survived by her husband and the following children: Mrs. John Johnson and Ralph Freeman, Grampian; Mrs. Ralph Redefor, Woodland; Mrs. Charles Maurey, Lumber City. Also the following sisters and brothers: Mrs. Robert McClure, Mrs. S. J. McKenrick, Mrs. Edward Moore and Harrison Bloom all of Curwensville; Irvin T. Bloom, Santa Cruz, Cal. Relatives from out of town who attended the funeral were: Mrs. J. L. Runkle, Bellefonte; Mr. and Mrs. J. D. Kerns, Brockport; Mr. and Mrs. Samuel Gearhart and Mr. and Mrs. Hugh McKenrick of Clearfield and Mrs. Eva Hoover, Ohio.

Burial was made in the Friends cemetery at Grampian.

A daughter was born to Mr. and Mrs. James Irwin of Chestnut Ridge, Wednesday May 1st.

Mrs. B. E. McDavitt of Lumber City, visited her parents Mr. and Mrs. George Fleming of Irvin Hill yesterday.

Miss Florence Evans, of Oneida, is visiting at the home of Mr. and Mrs. John Cole of South Side.

Scott McFadden, Mr. and Mrs. Earl McFadden, James Freeman and daughter Miss Lulu, were among those from town who attended the funeral of the late Mrs. William Freeman of Grampian, Wednesday afternoon.

Mrs. George Gray of Clearfield visited her sister Mrs. Martha Browne this week.

Lester Bartelle is home from camp on a short furlough with his parents.

Miss Mable Leonard of Hendersonville, visited her parents Mr. and Mrs. Samuel Leonard this week.

The British armies now number 7,500,000 men.

TAR AND FEATHERS APPLIED TO AGED KYLERTOWN MAN

(Continued From Page One)

plentifully covering him with tar and feathers, not only forced him to march down street with a flag in his hand but made him climb a ladder and place the flag on his residence.

The victim of the outburst was Michael Moyer a resident of Cooper township for many years, who it is alleged has been pronounced in his pro-german leanings. Yesterday's affair is generally regretted by his neighbors on account of the man's advanced years.

The danger always in affairs of such character is that persons taking the law into their own hands will go too far and do things under the impulse that they will be sorry for afterwards. Pro-Germanism of whatever kind and character must be stamped out, but now that the espionage law furnishes a remedy, let us allow the law to take its course, jealously guard our rights and report all violations and violators to the proper authorities and insist on prompt action in every case.

GIVE THEM CHEERING LETTERS

Washington, D. C., May 3.—Mothers, write more cheerful letters to your sons in uniform! They need messages of encouragement, not doleful forebodings, nor constant reminders of the awfulness of the "great disaster to humanity".

This is the pleading message sent out—not by Government officials, but by the boys themselves—boys that are over there!

"Don't help the kaiser by hanging weights on the spirits of your boys who are fighting," writes Joseph Teter, of the — Regiment, United States Marine corps, now in France.

"The boys are ready to go through with this thing, taking things as they come, but it is the folks back home who seem to be quitters. All of us are getting letters of this sort from our mothers—and I tell you, its mighty disheartening."

Take a tip from this lad's earnest plea, Mothers, don't wait!

BIDS WANTED

Sealed bids will be received up to noon on May 4th, 1918, by the building committee of the O. U. A. M. for the erection of a new hall, including the plumbing, heating and electrical work. Plans and specifications may be had at the office of W. A. Hagerty, R. G., North Second street, Clearfield.

The committee reserves the right to reject any or all bids.

Address all bids to Lloyd Dale, Financial Secretary O. U. A. M., Clearfield, Pa. A20-12f

HOW RED'S RUN SHIP

(By United Press)

Tokio, March 23.—How Bolsheviks control Russian even on the high seas is illustrated in the case of the Russian steamer Nicolai B. Lomonosov, which is controlled by a seamen's committee of five men, with whom the captain concurs on all matters of ship discipline. The steamer operates at present between Singapore and Hongkong, but it touched Manila to place two seamen in the hospital there. When the men were pronounced to ill to work, the seamen's committee demanded that the ship be taken out of its course to Manila. The captain concurred. The shipper has nothing to do with the ship except direct navigation and arrange cargo. As a result the vessel has not called at a Russian port in five months.

ATTACK SUBMARINE WITH LEWIS GUN

(By United Press)

London, May 30.—British air snappers in a rescue never know when to quit.

A seaplane patrolling along the French and Belgian coasts, sighted two German destroyers, and attacking one with bombs, damaged the deck and stanchions.

Not satisfied, the pilot then dived 1,000 feet and attacked the vessel with a Lewis gun, firing one tray at a distance of 300 yards, scoring hits on the deck and forepart.

PIMPPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.
